

Lab 2 – Deadline: lab 3 (groups of at least 3)

Theme:

1. State-of-the-art + risk assessment

Problem 1 [scoring 10 points]

On the theme set by the scientific coordinator you make the state-of-the-art (a document, which to put on GoogleDocs/GitHub/Bitbucket/etc., in English with):

- What did the others, techniques and methodologies used, evaluation methods, results;
- Important names in the field, research teams;
- Related Articles and books;
- Relevant links;
- Resources and tools available.
