

Round table: Synergies between the industry and the academic environment

Date: 11 March 2023

Location: Alexandru Ioan Cuza University of Iasi, Building A, Ferdinand Hall

The round table is organized by the iTransfer Technology Transfer Center, which was accredited as a technology transfer center in the field of information and communication technologies, space and security, according to the Order of the Ministry of Research, Innovation and Digitization no. 390/11.08.2021.

This event will provide the opportunity to exchange ideas and best practices, in order to identify solutions to facilitate technological transfer and the creation of partnerships for applied research and entrepreneurship.
