## Workshop: Emergence of cooperation

Friday, June 22, 10:15-12:30

10:15-10:30 Cezara Păstrăv (**Babes Bolyai University, Cluj**). *Inter-group Cooperation Emergence with Probabilistic Strategies*

10:30-10:45 Marcel Cremene (**Babes Bolyai University, Cluj**). *A Game Theoretical Perspective on Social Honesty*

10:45-11:00 Florin Tudoran (**Babes Bolyai University, Cluj**). *An overview about Intelligent Algorithms for Context-Aware Mobile Services*

11:00-11:15 Alexei Corduneanu (**Technical University of Moldova, Chisinau, Republic of Moldova**). *Modeling and Evaluation of Multiagent Architectures. Petri Nets Explorer.*

11:15-11:30 Alexandru Corduneanu (**Technical University of Moldova, Chisinau, Republic of Moldova**). *Vector Defined Petri Nets*

11:30-11:45 Nicolae Grigoriu (**State University of Moldova, Chişinău, Moldova**). *Transitive orientations of undirected graphs*

11:45-12:00 Maria Beldiga (**State University of Moldova, Chişinău, Moldova**). *Intelligent parts of e-learning of discipline „Making Decision”*

12:00-12:15 Maria Cristei (**State University of Moldova, Chişinău, Moldova**). *Developing computer teaching system for C# programming language*

12:15-12:30 Corina Nichitcin (**The State University “Alec Russo”, Bălţi, Republic of Moldova**). *The approach of the concept of investment as a factor in ensuring economic growth*

12:30 – 12:45 Ianina Cazac (**The State University “Alec Russo”, Bălţi, Republic of Moldova**). *The impact of self-financing policy on ensuring the company financial stability*
